COOKIE POLICY

Nikko Asset Management Europe Ltd

INFORMATION ABOUT OUR USE OF COOKIES

Our website uses cookies to distinguish you from other users of our website. This helps us to provide you with a good experience when you browse our website and also allows us to improve our site. By continuing to browse the site, you are agreeing to our use of cookies.

A cookie is a small file of letters and numbers that we store on your browser or the hard drive of your computer if you agree. Cookies contain information that is transferred to your computer's hard drive.

We use the following cookies:

- **Strictly necessary cookies.** These are cookies that are required for the operation of our website. They include, for example, cookies that enable you to log into secure areas of our website.

- **Analytical/performance cookies.** They allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.

- **Functionality cookies.** These are used to recognise you when you return to our website. This enables us to personalise our content for you, greet you by name and remember your preferences (for example, your choice of language or region).

- **Targeting cookies.** These cookies record your visit to our website, the pages you have visited and the links you have followed. We will use this information to make our website and the advertising displayed on it more relevant to your interests.

You can find more information about some of the cookies we use, and the purposes for which we use them, in the table below:

Cookie	Name	Purpose	More information
Joomla	[generated hash]	This cookie is an identifier for session records in the Joomla database. Such records will contain some basic information used in the operation of our website. Such information is expunged if is not accessed within 15 minutes. The main purpose of this cookie is to aid functionality.	

Apache	Apache	These cookies are identifiers for session data handled by our webserver. Such records will contain some basic information used in the operation of our website. The main purpose of this cookie is to aid functionality.	https://cookiepedia.co.uk/cookies/Apache
Add This	__atuvc	These cookies are associated with the AddThis social sharing widget, which is commonly embedded in websites to enable visitors to share content with a range of networking and sharing platforms. Together, they store an updated page share count and log location data. The main purpose of these cookies is to aid functionality.	https://cookiepedia.co.uk/cookies/__atuvc
	__atuvs		https://cookiepedia.co.uk/cookies/__atuvs
	uvc		https://cookiepedia.co.uk/cookies/uvc
	loc		https://cookiepedia.co.uk/cookies/loc
Google Analytics	_ga	This cookie is used by Google Analytics for gathering site stats and to distinguish unique users by assigning a randomly generated number as a client identifier. It is included in each page request in a site and used to calculate visitor, session and campaign data for the site's analytics reports. The main purpose of this cookie is to improve performance	https://cookiepedia.co.uk/cookies/_ga
Google Analytics	_gat	This cookie is used by Google Analytics for gathering site stats. It is used to throttle the request rate - limiting the	https://cookiepedia.co.uk/cookies/_gat

		collection of data on high traffic sites. It expires after 10 minutes. The main purpose of this cookie is to improve performance.	
Google Analytics	_gid	This cookie is used by Google analytics for gathering site stats. The cookie appears to store and update a unique value for each page visited on the site. The main purpose of this cookie is to improve performance.	https://cookiepedia.co.uk/cookies/_gid

Please note that third parties (including, for example, providers of external services like web traffic analysis services) may also use cookies, over which we have no control. These cookies are likely to be analytical/performance cookies or targeting cookies.

You can block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies (including essential cookies) you may not be able to access all or parts of our site.
